OFFICE OF LEGISLATIVE COUNSEL

Monday - 5 February 1962

25X1 1. [] Marian Czarnecki, in the office of
Representative Clement J. Zablocki, called to say that the Congressman
was most interested in obtaining information on the current situation in
25X1 eastern Europe particularly Poland. Czarnecki said he had gotten a
run down from the State Department and when he could not reach me he
talked with [] in the Agency, who said he would have
nothing to add to what had been given Czarnecki by State. I advised
Czarnecki that we would have nothing to add to the information they had
received from State.

25X1 2. [] [] OSI, and []
met with Glenn Wilson, of the Senate Space Committee staff, and a
representative from the Library of Congress and [] provided them
with OSI's comment on a study prepared by the Library of Congress for
the Committee on Soviet scientific and space programs.

25X1 3. [] Met with Jay Sourwine, Chief Counsel of
the Senate Internal Security Subcommittee, to discuss with him his interest
25X1 in []. Sourwine said all the Subcommittee had on []
they had obtained from the Navy and that they would be willing to make this
information available to us but assumed it was obtainable from the Navy
directly. Sourwine mentioned that [] had been dishonorably dis-
charged from the Navy prior to his service in the Army, that his TV pro-
grams ranged from far left to extreme right. He was interested in knowing
what [] relationship was with the Agency. Sourwine mentioned that
[] had made two trips to the Soviet Union. I told Sourwine that we had
25X1 been in touch with [] before his trip and afterwards but that we had
25X1 no direct relationship with him at this time. Sourwine asked whether we had
paid for [] trip to Russia and I advised him that it was my understanding
25X1 that we had "supported" it. Sourwine indicated that at least [] appeared
to be emotionally upset. He said the Subcommittee was interested in the
fact that [] recent broadcasts on major networks have not been spon-
sored and, therefore, they wonder who is supporting him in this. He said
if the Agency was not supporting him that this would make his activity all
the more suspect. I told Sourwine I did not have detailed information on
25X1 [] but that we would look into it and be in touch with him further.
